

Exciting news regarding the 2020-2021 Annual Giving Campaign!

The Richard M. Schulze Family Foundation creates grant partnerships with organizations that can generate transformational results in education, human services, and health.

BECAUSE the Richard M Schulze Family Foundation BELIEVES strongly in growing the donor base of Independent Schools from foundations and individuals in the community and incentivizing previous donors to give more and BECAUSE the Schulze Foundation Board members BELIEVE SO STRONGLY in Academy of Whole Learning – we have been awarded a **\$30,000 Annual Fund challenge grant** for the school year 2021-2022.

The criteria to receive the grant is as follows: 1) Any **NEW donors**/donations contributing to AOWL for the first time, will automatically count toward the challenge grant. 2) PREVIOUS donors who have contributed to AOWL in the past must make a **gift larger than any previous gift to AOWL**. The amount OVER their largest previous gift will count to the challenge grant of \$30,000.
